<b>Document type:</b>	National	<b>Region:</b>	Asia
<b>Country:</b>	Turkey		
<b>Year:</b>	2014	<b>Implementation Period:</b>	2014/2018

### Description

The central office of Konya Lowland Project Administration is Konya and comprises the 4 provinces of Konya, Aksaray, Nigde and Karaman. Konya Lowland Project was designed not only as rural development plan but also as an economic initiative intended to have positive social and political consequences for urban areas. KOP does not only consist of agriculture, stock breeding and irrigation. It comprises multi sectors such as industry, transportation, logistic, trade, folklore, culture and health.
